FAQs {frequently asked questions}

HOW MANY CLOTHING CHANGES DO I NEED?

To be honest, we can give you awesome images from even one outfit. Sometimes people bring in a ton of outfits for us to choose from and a lot of shooting time is lost sorting through too many clothes. It's best to bring 1 or 2 alternate outfits just in case, but any more and it becomes overwhelming.

SHOULD I GO OUT AND BUY NEW CLOTHES FOR MY SESSION?

Our portraits are about YOU and your clothes should only be an accessory. Consider what looks good from head to toe for full-length portraits. For close-up images many times a basic shirt with great accessories can really bring attention to your face!

WHAT IF IT RAINS ON THE DAY OF MY SESSION?

No worries. We'll call to talk about options to assure you get everything you're hoping for, indoors and out.

Dear Class of 2020 Students and Parents,

It's your year!

Your senior year of high school is an exciting and busy time. While making the most of your last year with good friends and classmates you will face many important decisions. As you look ahead to your “senior” status, all of us at Chris Lommel Photography are here to help you **make the right choice** for senior portrait photography.

We understand.

With more than 20 years of senior photography experience, these sessions generate as much **excitement** for me today as they did when I first began. Because we are parents of three high school graduates, and photographic professionals, we've been through almost everything your senior year can bring. So, when it comes to your portrait needs this year, **we've been there** and done the homework for you.

Need to know your school's yearbook deadlines and requirements? **We can help you.** We stay in contact with yearbook advisors to make sure your retouched portrait arrives when it's needed. Many of our area schools have October submission deadlines. That's why **most senior portrait sessions are done in the summer.**

If you want pictures in the fall or winter, **we offer split sessions** to meet the yearbook deadline and accommodate your needs.

Planning your session is easy.

I enjoy getting to know young people as they move toward one of the **most important milestones** in their lives. We can offer tips on clothing and style choices. In the session, **I can guide you** through the process. At the same time, **We're open to input** on the types of things you want in your portraits.

Flexibility in ordering provides a custom fit for you.

Recent graduates and their parents have told us what they need – for themselves, for relatives and their friends. Our packages help you get started. From there **you have options.** We work with you to make choices on everything from stunning wall portraits to family gifts; from traditional to extreme wallets, from our popular art series creations to classic portraits and more. Our goal is to **meet your needs** with images you will be proud to display in your home and share with others.

(Continued on back)

Plan carefully. Choose wisely.

You already have been bombarded with mail and social media messages from photographers near and far. **You only do senior portraits once**, so make sure the photographer you choose is a good fit and provides the services you need. We're the studio with a reputation for **quality** photography. We offer you **experience, creativity and service**, including professional retouching and graphic design.
