## Commonly Asked Questions:

### Q: There are so many poses to choose from, how do I decide what to order?

A: Look through your online gallery and mark favorite poses with expressions that appeal to you. Positive first impressions of certain images often indicate it will be a lasting favorite. We will be glad to offer our suggestions and recommendations on pose selections and display options. Because there are so many fun and unique looks from your session, you'll want to include an album with multiple poses with your order.

### Q: What if seniors and parents have different opinions about pose selection?

A: No problem. Often seniors will choose wallet poses that are different from those their mom and dad want to hang on their walls. We can help you find solutions to differences of opinion and accommodate everyone's needs.

### Q: Can I save money by purchasing a package?

A: Money saving packages offer 10% to 30+% savings over a la carte portrait pricing.

### Q: How many wallets should I order?

A: On average, seniors order 96 to 144 or more wallets from three to five poses to share with family and friends. Some wallets are enclosed with traditional graduation announcements. Wallet reorders are common throughout the year. You will save money by ordering more wallets with your original order. **Wallet specials are listed at left.**

### Q: Do you have graduation announcements and open house invitations?

A: One of our most popular spring offerings are photo graduation announcements, open house invitations and thank you cards. Announcements and invites can be preordered in the summer and fall, then finalized in the spring.

### Q: Can I scan my portrait to make my own announcements or take it to a local printer?

A: Purchased high resolution finished digital image files can be used to make your own announcements & invites. Please do not scan prints or other products for reproduction. Our professional image depends on controlled quality printing of images made by Lommel Photography. We have invested years of education, time and resources into the creation of your professional portraits. Federal copyright law protects your portrait investment and maintains the high quality and integrity of our work.

### Q: Can I order more portraits later?

A: Class of 2019 senior portrait prices are honored until March 15, 2019. Poses you order from are stored for five years in our files. Poses that are not ordered are removed after June 15 of your graduation year. Portrait orders after one year incur a reorder fee of \$20 per order.

### Q: When will my portrait order be ready?

A: Specialized retouching and enhancement done to your chosen portraits, along with custom framing, takes about 6 to 8 weeks to complete, depending on the time of year. Prompt ordering is the best way to get your finished prints in a timely fashion for you to enjoy. We will notify you by phone, e-mail or postcard when your order is ready to pick up.
